**Subject:** OnWafer Transfer

Mr. O'Dowd,

---

It was a pleasure speaking to you over the telephone this afternoon about the transfer of inventions and patent applications from Advanced Energy to OnWafer Technologies.

As we discussed, please have the USPTO associate the US cases with my customer number (# 25199) or with my USPTO Registration # 39,428 as appropriate so that I can access the files with PAIR, receive communications for the cases, and work with the examiners.

The hardcopies of the files should be sent to OnWafer at the address sent to you by Costas Spanos. This will give OnWafer a chance to review the files sooner. Later, I can obtain the files or copies directly from OnWafer.

Please let me know if you have questions about any of this or if there is anything else I need to do at this time.

Regards,
